Curtis,
Neeley

(To: Hannah Thiem)

Mr Zilinek, Mr
Lamson and Mr Hauser,

Mr **Neeley**

is aware that you are now aware of his lawsuit. Esquire Zilinek once expressed his confidence in success before a tribunal. The tribunal system itself a completely fraudulent system set up by domainers to give an appearance of legality. You are now aware of the fact that Mr **Neeley** was an incompetent when you first violated his **TMs** and copyrights to **eartheye.com** and **sleepspot.com**.

From your own site and saved as a signed PDF it is reported that he was first a member of the photo.net community on May 09,2004. His user account was deleted from the community since the lawsuit has commenced. Any "terms of use" that Mr **Neeley** at one time failed to read carefully and accepted was a fraudulent document that no juror will attach to the actions of Mr **Neeley** while an incompetent. NameMedia was not the owner of Photo.net when Mr **Neeley** joined. We are sure that NameMedia is currently working on a reply and countersuit to Mr Neeley's lawsuit. His request for at least ten million from NameMedia might sound excessive? The intentional infliction of distress continues as NameMedia profits while displaying Mr Neeley's copyrighted material in further violation.

Google
AdSense for Domains has **already reaffirmed** their
licensing of a **TM'd** domain that
Mr **Neeley** felt would **make** millions **each** year helping
sell spots to sleep for **the**
hospitality industry. **Google AdSense** for Domains
chose to join you already!

This is not a request. This
is a another DEMAND that
NameMedia dba
Photo.net stop displaying Mr
Neeley's photographs.

I have sued
NameMedia and they have been served. They have
deleted my access to my data at
photo.net.
They are violating my copyrights currently and are
claiming that I
agreed to a perpetual license at some time in the past.
I would never accept a
perpetual license anywhere besides figurenude.com
where I acknowledged the
information very specifically. Hiding the release deep
in a online TOC is a
fraudulent act.
Please provide me the date that my access was
removed and
remove my copyrighted material. I paid for advertising
on this site that
NameMedia licensed Google to run ads on before I
noticed the URL in my AdWords
interface.

I do not want my access restored. I want my content

removed. We are already involved in a federal lawsuit so I will introduce all the questions in discovery anyway.

Refusing to remove my content and awaiting a complaint via US Marshal is where you leave me currently.
